D&C Environmental Management Plan  
Attachment J – Environmental Inspection Checklist

DOCUMENT NUMBER					
TDV	0	EV	CK	0010.J	02

## ATTACHMENT J – ENVIRONMENTAL INSPECTION CHECKLIST – ENVIRONMENTAL MONITORING AND EMS MANAGEMENT

**Purpose:**

This checklist EP is required to be completed by the end of 4th calendar day in the following month being reported on and signed off by the AquaSure D&C environment and approvals manager directly overseeing environmental monitoring activities and the Project’s Environmental Management System (EMS). A delegate can be tasked to complete the checklist, and a completed and signed copy given to the environment and approvals manager. This checklist provides AquaSure with the means to:

- ~ Demonstrate compliance with the approvals, licences, permits, legislative, contractual and EMS requirements
- ~ Give the project director and senior managers assurance that the site team responsible for these outcomes are aware of and responding to these requirements in an appropriate manner.

Control Activity	Completed / Satisfactory			Comments/Actions required
	Yes	No	N/A	
<b>EMP Status</b>				
Have there been any new major revisions of EMP’s needing State/Independent Reviewer approval?				
Have the area EMP’s been reviewed or updated?
